The concert was held on February 18, 1992, at the Canberra Showground. It was one of the largest concerts ever held in Canberra, and it attracted a crowd of over 20,000 people.

The concert was a disaster from the start. The band was late to the stage, and when they finally did appear, they were clearly intoxicated. Kurt Cobain, the band's lead singer, was so high that he could barely stand.

The band's performance was sloppy and disjointed. They played a set that lasted less than an hour, and they left the stage without saying goodbye.

The crowd was furious. They had paid good money to see one of the most popular bands in the world, and they had been treated to a shambolic performance.

The aftermath of the concert was just as chaotic as the concert itself. The band was booed off the stage, and Cobain was arrested for disorderly conduct.

The concert has since become a legend. It is often cited as one of the worst concerts of all time. However, it is also a reminder of a time when Nirvana was on the verge of greatness.

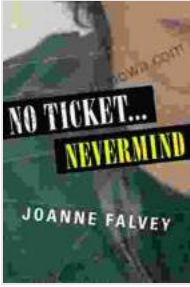

In this book, the author tells the true story of that concert. He was there that night, and he witnessed the whole thing firsthand. He talks to the band members, the crew, and the fans. He paints a vivid picture of the chaos and the excitement of that night.

This book is a must-read for any fan of Nirvana. It is a fascinating and revealing account of one of the most infamous concerts of all time.
