

The Andes Guide: The Definitive Guide to Climbing and Skiing the World's Highest Mountains

The Andes are the longest continental mountain range in the world, stretching over 7,000 kilometers (4,300 miles) along the western coast of South America. They are home to some of the most iconic mountains in the world, including Aconcagua, Huascarán, Chimborazo, and Cotopaxi. The Andes are a popular destination for climbers and skiers, offering a wide range of challenges and opportunities.

Puna de Atacama: The Andes - A Guide for Climbers and Skiers by John Biggar

The Andes Guide is the most comprehensive and up-to-date guide to climbing and skiing the Andes mountains. This essential resource for adventure travelers provides detailed information on over 500 climbs and ski descents, as well as expert advice on planning and executing expeditions.

The guide is divided into three sections:

- **The Andes: A General Overview** This section provides an overview of the Andes mountains, including their geography, climate, and history. It also discusses the different ways to access the Andes, and the best time of year to climb or ski.
- **Climbing in the Andes** This section provides detailed information on over 500 climbs in the Andes, ranging from easy treks to challenging technical ascents. Each climb description includes information on the route, the difficulty, the time required, and the best time of year to climb.
- **Skiing in the Andes** This section provides detailed information on over 500 ski descents in the Andes, ranging from gentle slopes to challenging off-piste routes. Each ski descent description includes information on the route, the difficulty, the time required, and the best time of year to ski.

The Andes Guide is illustrated with over 500 color photographs and maps. It also includes a glossary of terms, a bibliography, and an index.

The Andes Guide is the essential resource for anyone planning a climbing or skiing expedition in the Andes mountains. This comprehensive and up-to-date guide provides all the information you need to plan and execute a safe and successful expedition.
