The Long Count: A Controversial Turning Point

While Dempsey's career was marked by triumph and glory, it was also marred by controversy. In his second title defense against Gene Tunney in 1927, a pivotal moment occurred that would forever be known as the "Long Count." After knocking Tunney down, Dempsey mistakenly paused when referee Dave Barry failed to initiate the count. Tunney regained his senses and managed to survive the round, ultimately leading to Dempsey's defeat by unanimous decision.

The Long Count remains a contentious issue in boxing history, with some arguing that Dempsey was unfairly penalized while others maintain that the extended delay gave Tunney an undue advantage. Regardless of the interpretation, the incident became an enduring footnote in Dempsey's illustrious career.

Retirement and Legacy

Dempsey retired from boxing in 1928, having defended his title successfully five times. His record of 61 wins, six losses, and one draw stands as a testament to his exceptional dominance in the heavyweight division.
